2017 INTERNATIONAL VI-grade USERS CONFERENCE

MAY 10th - 11th, 2017 / MUSEO DELL'AUTOMOBILE, TURIN, ITALY

VI-grade is happy to invite you to the **2017 edition of its International Users Conference**.

The event, dedicated to executive managers and experienced engineers belonging to the main automotive, motorsports, motorcycle and rail companies, universities and research centers from all over the world, will be held on **May 10th-11th, 2017 at the Museo dell'Automobile** – one of the most important and oldest automobile museums in the world – located in Corso Unità d'Italia 40, **Turin, Italy**.

The event, characterized by the motto **"Bridging the gap between testing and simulation"**, is organized with the collaboration of 1 platinum sponsor (Saginomiya), 4 golden sponsors (Cosin, Danisi Engineering, MSC Software and Sim.Co.VR), 9 silver sponsors (3D Mapping, Barco, Bruel & Kjaer, Concurrent, Esteco, FEV, MIRA, Multimatic and OKTAL) and 3 bronze sponsors (AddFor, BE CAE & Test and Megaride).

The conference offers to executive managers and users from all over the world a very comprehensive 2-day program with 30 keynote and technical papers divided in discipline-specific sessions moderated by industry experts and also features a round-table discussion related to new and emerging automotive technologies.

The conference will also feature **an interesting technical showcase area** in which VI-grade and its partners will present their solutions.

We have arranged special rates in the **NH Torino Lingotto Tech Hotel**, conveniently located very close to the conference venue. Please make sure to reserve your room as soon as possible, booking with the code "VI GRADE" at the email address nhlingotto@nh-hotels.com.

Additional details on the conference (updated program, registration to the event and general information) can be found at this link: www.vi-gradeUC.com or sending an email to conference@vi-grade.com.
